Document Body

Fenix, Thanks for the information on Bellows. I'll read it, talk to Kathleen, then call our Air Force contact.

Thanks for coming to our office and providing the thorough presentations. It helped me gain a better understanding of the arsenic and pesticide in housing issues. Sorry I couldn't return to your meetings Wednesday afternoon. My Division Director pulled me out, as I was the only manager in the office and he had some urgent items for me to attend to. That's the problem with attending meetings in the office.

Kathleen probably mentioned that we'll be attending most of the April DoH meetings. Hopefully we'll have some time to followup on some of these issues, as well as talk more about what we're up to at Pearl Harbor.

John
